Dr. W. H. Pineshribner will deliver the graduation address. He will take as his subject "Medicine and the Community." The invocation will be pronounced by Rev. A. B. Curry.

Addresses were made by Dr. Woody, Dr. C. J. Washington, and Dr. J. F. Bigger, as well as addresses by several of the students. J. A. Gardner was toastmaster, who introduced Dr. D. Kavlaker, Dr. Kavlaker delivered the address. He was followed by the president, Dr. M. Ackerman, who spoke of the fact that the dental college of the University of Tennessee is unsurpassed. Dr. J. Sussman was class prophet, and Dr. W. Stephens was historian. Dr. S. Goidin read the "last will and testament" of the class. Dr. F. Teller delivered his valedictory, which closed the program.

IOWA AND POPLAR MAY BE IMPROVED

Iowa avenue from Florida street to the bridge will be paved with asphalt, and Poplar avenue from Garland to Overton park will be paved under the terms of a paving project submitted to the city commission Tuesday afternoon by Thomas H. Allen, commissioner of streets, bridges and sewers.

Commissioner Allen stated Tuesday that he felt sure the announcement of this project would be welcome news to persons living along these streets. Iowa avenue will connect with the bridge and open a new roadway that will relieve other streets to a considerable extent.

The paving of Poplar avenue from Garland to Overton park will also provide a connecting link for city traffic that has been badly needed for some time. Plans for the two projects have been completed and all arrangements made for letting the contracts as soon as the city commission puts its approval on the venture.

60 SCOUTS TO LEAVE FOR KAMP KAI KIMA

More than 60 Boy Scouts are ready to leave on the special car over the Erie railroad Saturday at 8:30 a. m. for Kamp Kai Kima, where they will spend from two weeks to three months each. The camp is near Hardy, Ark., in the Ozark mountains. It is 39 miles from a swamp, being 550 feet higher than Memphis.

According to John T. Morgan, chairman of the committee, the camp is one of the finest of its kind in the country. There is a large meeting hall to be used on rainy days and evenings. There is a new tottem pole, around which the scouts will gather in the evening to play camp games and follow Indian customs.

Heretofore canvas bunks have been used, but these have been done away with, and iron bunks with steel springs have been substituted. There will be daily instruction in scoutcraft, life saving, first aid and kindred subjects. Swimming will be a regular part of the day's routine, and will be in charge of expert instructors.

Park Commission To Provide For Concerts In Parks

Band concerts in Memphis parks during eight weeks of the summer months beginning July 4 will be given provided suitable bids are sent to the Memphis park commission for this service. A resolution unanimously adopted by the commission in regular session Tuesday calls for advertisement for bids for seven weeks each week for a period of eight weeks by a band of 18 pieces and a leader.

The resolution offered by E. G. Williamson, chairman, forwarded the reading of a letter from Mayor Rowlett Paine, in which the mayor strongly urged band concerts for Memphis if the park commission could see its way clear to spend the money necessary for this entertainment. Letters from numerous cities telling the manner in which this entertainment was furnished each city were also read to the commission. The resolution was unanimously adopted.

A site for a "Cross of Sacrifice" as a memorial to the soldiers of Memphis and Shelby county who fell in the world war will be given by the park commission under the terms of an agreement reached at the meeting Tuesday. Whether the memorial will be located in Confederate park or in Overton is a matter that will be settled later, however, the board went on record as approving the plan of the local chapters of the D. A. R. to erect the memorial and gave their assurance to the committee that a suitable site would be set aside at the proper time, the site to be selected jointly by the D. A. R. and the park commission.

Improvements for Bickford park were requested by a committee of citizens residing in the vicinity of this park, and they were practically assured that their requests would be granted. This committee is to furnish the commission with a list of the improvements wanted.

Unsatisfactory lighting of Overton and other Memphis parks was brought to the attention of the board in the form of a request for an increase in the amount paid for the lights. Inferior gasoline was assigned as the reason for the unsatisfactory manner in which the parks have been lighted and the request for an increased allowance carried with it an assurance that a better quality of gasoline was to be purchased. The increase was granted with the proviso that the new scheme was to be given a trial for a period of one month, and, if at the expiration of that time, there is not a material improvement in the lighting, the commission will proceed with the installation of an electric lighting system of its own, to supplant gasoline lights.

Fire Prevention Bulletin Read

The official monthly bulletin for May, issued by the Tennessee state fire prevention department, under the leadership of Commissioner Walter B. Bell, has been received in Memphis. Dated in its vivid red cover, it is an attractive appeal for prevention of loss by fires in the state. A goodly portion of the booklet is taken up with publicity for the coming "fire college" to be held at Nashville, beginning June 21, for one week.

Other pages in the bulletin contain interesting figures showing the results of inspections made by the state officials in the different counties of the state. It shows conclusively the active work of state agents in promptly investigating fires that occur with the idea of taking steps to prevent similar occurrences in the future, and also action being taken daily all over Tennessee toward eliminating dangers by inspection of plans, stores and dwellings to find existing conditions that tend to making fires possible and issuance of orders to remove these dangers.

R-R-REVENGE!

Passing through a military hospital, a distinguished visitor saw a horribly wounded private from one of the Irish regiments.

"When are you going to send that man back to the States?" he inquired.

"He ain't going back to the States—he's going back to the front," an orderly informed him.

"Back to the front?" exclaimed the visitor. "but, man, he's in awful shape!"

"Yes," replied the orderly, "and he thinks he knows who done it."—The American Legion Weekly.
